

TPV MEMORY HOSE

Dust & Fume Solutions Pty Ltd

MATERIAL:

- Wall: TPV coated fabric
- Helix: Special hollow plastic Helix

WORKING TEMPERATURE:

- up to 180 deg C

DIAMETER:

- 50, 75, 100, 125, 152, 200

CONSTRUCTION:

- Plastic profile supporting spiral
- Fabric-reinforced wall • wall thickness 0.55 mm approx.

STANDARD COLOR:

- Black, custom color and blue

SPECIFICATION:

- \varnothing 51 to \varnothing 203 mm

FEATURES:

- Vibration resistant
- Crush proof
- Highly flexible and compressible
- Fabric reinforced
- Good resistance to chemicals
- Small bend radius
- Gas and liquid tight
- Flame retardant tested to UL94-HB

APPLICATIONS:

- For suction of vehicle engine exhaust gas
- For hose reel
- For slotted floor channels
- For above and below floor suction extraction
