

BIN LINERS HEAVY DUTY PLASTIC

Dust & Fume
Solutions Pty Ltd

PRODUCT SPECIFICATIONS:

Heavy duty plastic bin liners designed for 1.5m³, 3m³, and 4.5m³ skip bins. Each roll includes 15-25 heavy duty plastic bin liners.

Material: Premium-grade heavy duty plastic for strength and resistance.

SIZES:

1.5m³ Skip Bin Liner: 2100mm (length) x 1850mm (width) x 950mm (height).

3m³ Skip Bin Liner: 3500mm (length) x 1700mm (width) x 1700mm (height).

FEATURES:

Durability: Resistant to tears and punctures for reliable waste containment.

Perfect Fit: Designed to precisely fit skip bins, reducing waste overflow.

Easy Handling: Convenient roll packaging for easy dispensing and storage.

Versatility: Suitable for various waste types, including general waste and construction debris.

BENEFITS:

Hassle-Free Waste Management: Streamline waste disposal process.

Prevents Leakage and Contamination: Minimizes the risk of leaks and maintains hygiene.

Cost-Efficient Solution: Reduces maintenance and potential skip bin damage.

Environmentally Friendly: Made from recyclable materials for sustainable waste management.
